

Empowering Business Growth

Payment Processing Solutions for All Business Types

TIB partners with Woodforest Acceptance Solutions, working closely alongside TIB Merchant Services to service business customers with needs of a comprehensive payment processing solution. Equipped with an ecosystem of payment technology and a proprietary POS software, Delta1st, TIB is prepared to assist you in your everyday business needs.

Delta1st is a Woodforest Owned and Operated, Omnichannel Payment Processing Software.

- Provides businesses, large and small, with ways to take payment for services and merchandise.
- Benefits the Retail, Service, and Quick-Service Food industries.
- Integrated direct to VISA through the VPC (VISA Platform Connect) platform, getting your business closer to the transaction than ever before. Real time data, analytics, transactional details, and reporting all at the palm of your hand.
